Product features

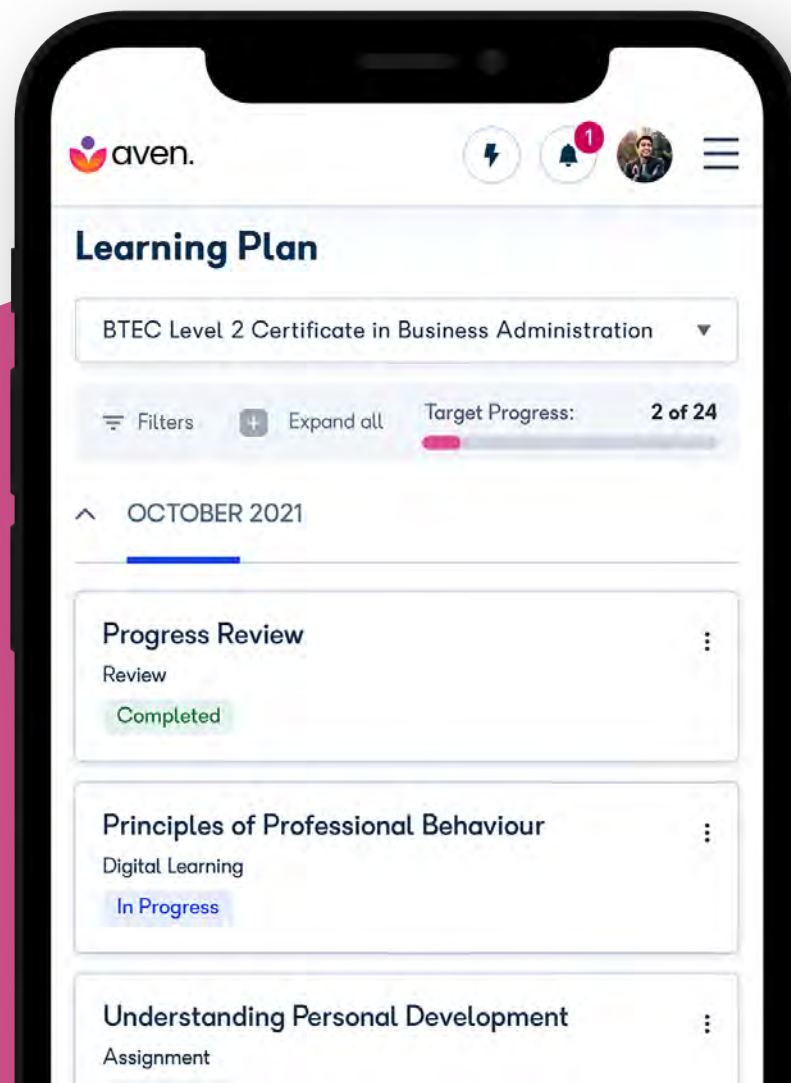

The ultimate goal of any AEB, or commercial programme, is to enhance someone's career or to find them new work and opportunities to take them to the next level.

Aptem Skills has a comprehensive set of features and benefits, accessed via a unique, mobile friendly console for each type of user.

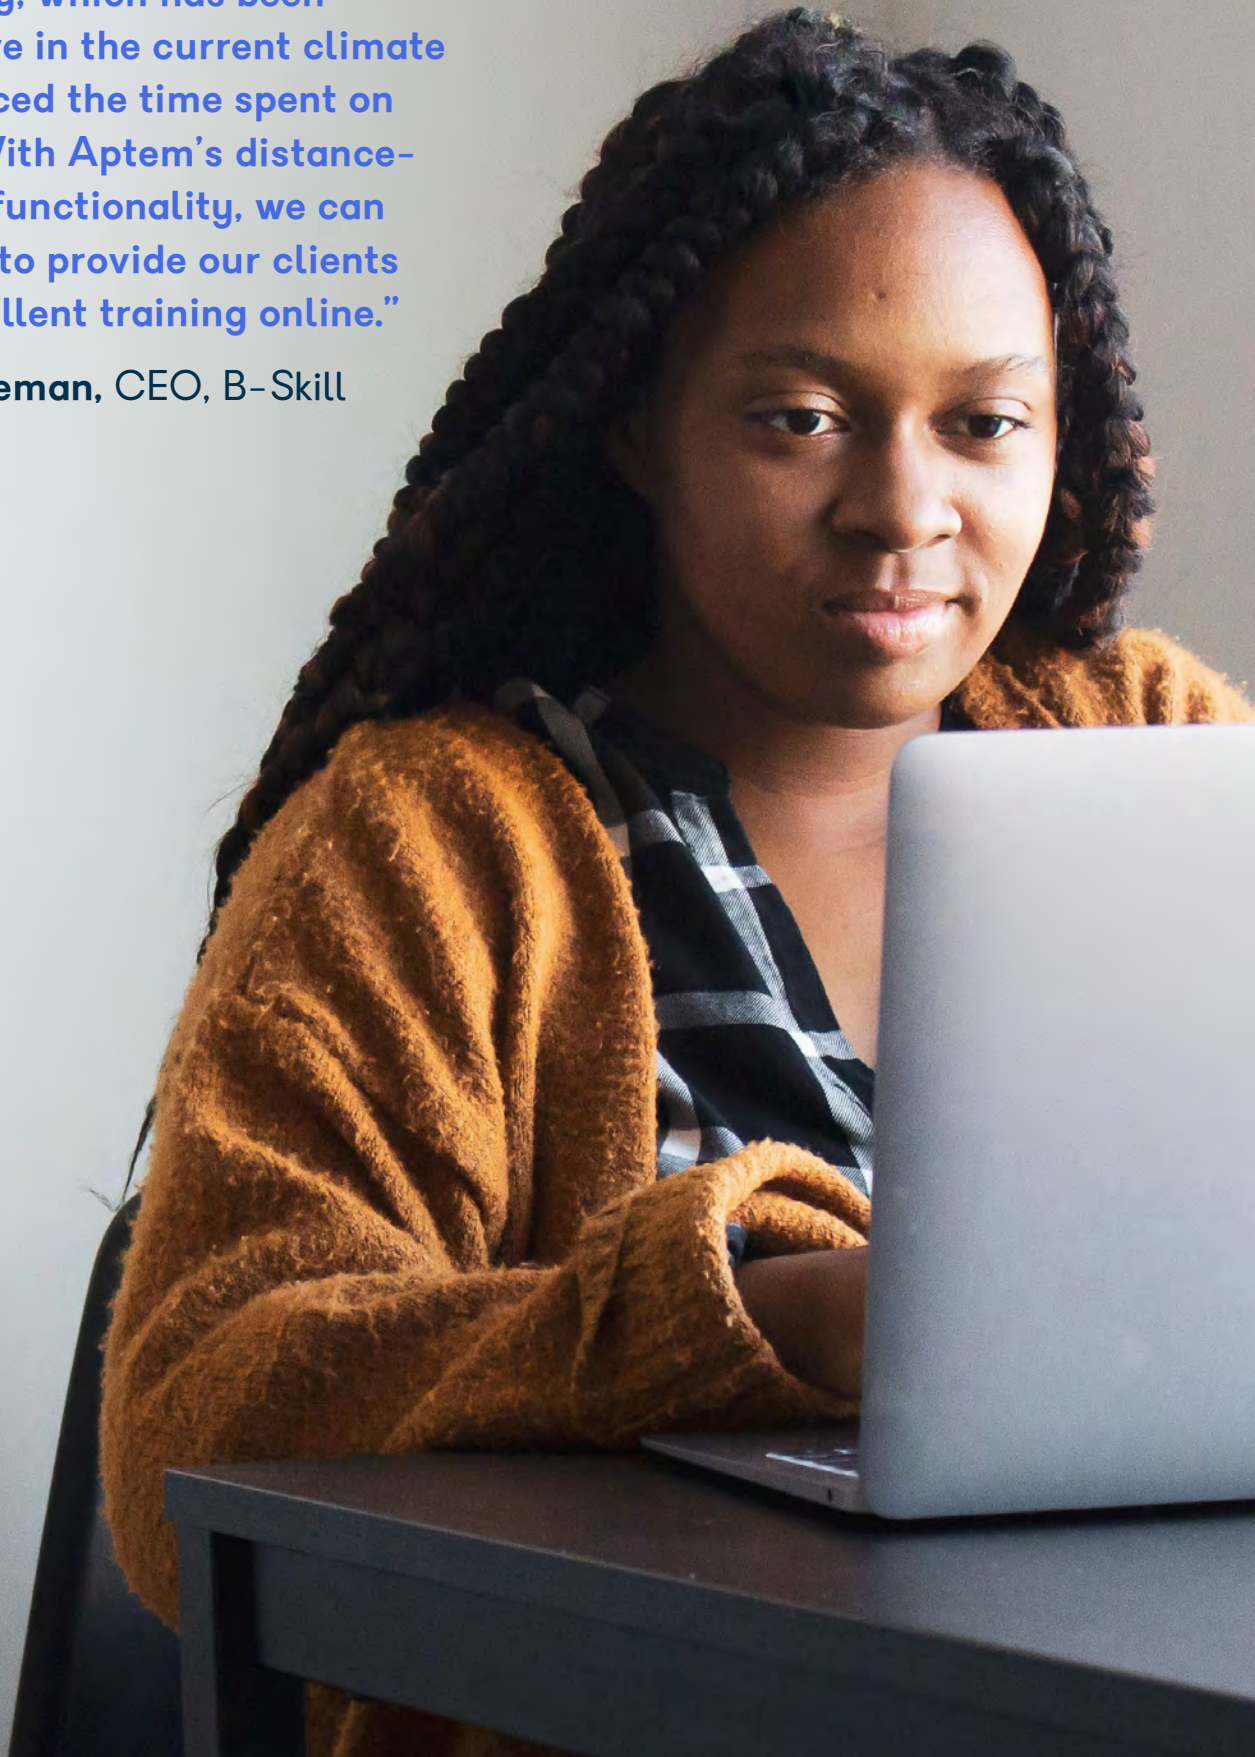

“I've worked with other ePortfolios in other companies and Aptem is simple and intuitive to use. We have had similar feedback from learners. Aptem is future-proofing our delivery and it's working brilliantly.”

Kelly Pattison, Quality Manager,
University Centre Quayside

“Aptem allows us to onboard learners and complete compliance documents remotely and efficiently, which has been imperative in the current climate and reduced the time spent on admin. With Aptem’s distance-learning functionality, we can continue to provide our clients with excellent training online.”

Paul Wileman, CEO, B-Skill

For providers

- ✓ **Delivery of multiple aims** – supports delivery of one or more component aims within a programme and/or Traineeship*, including work placements.
- ✓ **Remote eligibility checking and enrolment** – digitises and automates eligibility and onboarding, including IA and RPL.
- ✓ **Remote, online, fully integrated initial assessment and diagnostics** – BKSB and Skills Forward integration.
- ✓ **Webinar and classroom-based workshop management** – Integrated Zoom for remote support and webinars, plus attendance tracking.
- ✓ **Delivers full eLearning using SCORM** – upload your own learning assets or create them directly in the platform, with evidence capture in an integrated LMS/VLE/ePortfolio.
- ✓ **ILR management and batch file generation.**
- ✓ **Supports sequential aims** – with minimal administration.
- ✓ **Actionable insights through integrated Power BI dashboards.**
- ✓ **Remote meetings, reviews and webinars** – via a seamless Zoom integration.
- ✓ **Full qualification IQA processes.**
- ✓ **Fully configurable reviews** – systemising in quality, while allowing for continuous improvement and flex.
- ✓ **Reducing/removing any paper still in use.**

*Traineeships are delivered via Aptem Study. Aptem Study has its own charging and setup fees, sold separately

“Prevista delivers quality vocational and employability provision to young people and adults and we have successfully, and extensively, used Aptem for over five years. Aptem is a transformational platform which de-risks compliance and Ofsted, putting providers, learners and employers in the driving seat. It is a true end-to-end solution rather than one based on ‘legacy’ platforms, and is ahead of the curve. Put simply, Aptem is the best technology platform in the sector.”

James Clements Smith, Managing Director, Prevista

For learners

- ✓ **Learner portal** – containing comprehensive learner employability resources.*
- ✓ **Sophisticated CV builder.**
- ✓ **Employability eLearning** – categorised resources to support a range of employability qualifications.
- ✓ **Remote meetings, reviews and webinars** – via a seamless Zoom integration.
- ✓ **Job search** – hundreds of thousands of aggregated and deduplicated job vacancies from just about every UK job board and from numerous employer websites. All auto-matched, with automatic alerts on local job availability.
- ✓ **Reducing/removing any paper still in use.**

*For AEB programmes (not Traineeships) our employability eLearning content can be purchased for an additional £50+VAT per learner.
